Chicago is a shithole. Most of the people in the rest of the state are patriots. Unfortunately, there aren't enough of us to overcome the fraudulent votes from Chicago and East St. Louis.

It is not hard to walk to the Washington Monument or the ellipse from the roads that are open. You could even wheelchair it if need be. They close these same roads and put up the same barriers any time there is a major gathering at the National Mall.

Same because this is bigger than Trump or even America. The last bastion of western values and freedom is on the line. Western Europe is too far gone and the less said about my native New Zealand the better. Been on a YouTube WW2 spree and it makes me sad how many young men died to preserve these values only for a generation or two to destroy it.
